Description

All our BROLITE real Bakelite pieces are based on original designs from early to mid-20th century and unusually, all our door knobs & handles are interchangeable on all of our BROLITE Bakelite back-plates. A luxury which gives a huge number of combinations to choose from. If you are unable to see the combination you are after, you can order the parts individually to make up your desired set.

A pair of vintage-style real Bakelite door knobs complete with beautiful and unusual Art deco backplates (available with or without the keyholes). In our opinion, this truly classic Deco knob really suits the backplate and in addition, offers super grip and leverage for operation.

Supplied complete with a 5/16" spindle so it should fit some old locks as well as new ones. Grub screws, spindle washers and wood screws are also supplied.

The back plates are No 6080

Knobs are No 6119 these parts can be purchased separately if required.

Colours available: Walnut or Black.

Measurements:

Knob: 56mm x 29mm

Backplate: 188mm x 45mm

Projection: 58mm

Product Code: 6890MOT
