Description

A pair of vintage-style real Bakelite Door Knobs complete with round back-plates. This particular round stepped design was fairly uncommon and is quite heavy due to its slightly larger size. Complete with 5/16" spindle so it should fit some old locks as well as new locks. Grub screws and wood screws are also supplied.

They suit either mortice locks or rim locks. For rim lock use, simply discard one of the two back-plates.

The round back plates are No 6065 and the knob is No 6115 and these parts can be purchased separately if required.

Colour is Walnut Brown. Black is also available.

Measurements:

Diameter of Knob: 55mm.

Diameter of Back-plate: 56mm

Projection: 60mm

Product Code: DFMK6821MOT
